## THE GLOBAL MARKET

### OUR CLIENTS COME FROM MORE THAN 80 COUNTRIES AND REGIONS

Jiangmen Fengrun Commodity Co.,Ltd.is a professional manufacturer of daily-use products in China.Founded in 2002 and established self-constructed plant,we have more than 20 years of OEM&ODM experience in international trade. With a factory area of over 40,000 square meters, including over 10,000 square meters of warehouses. With more than 600 skilled workers, more than 50 management, market R&D team, equipped with a high level automatic continuous foaming production line,number of perfusion foam production line and a series of CNC cutting sponge machine, continuous foaming sponge output of about 200000 cubic meters annually. At the same time we equipped with 21 sets mesh injection machine,a series of CNC cutting machines can ensure bath puffs outputs amounted to more than 6 million pieces month, sponge cleaning products produce up to 15 million pieces monthly, makeup blender products production producing capacity of more than 1.5 million pieces month.

# DEVELOPMENT HISTORY

## 发展历程

### Completion of the fourth phase of the plant

In 2014, the fourth phase of the plant was built, with a total area of 8,000 square meters, which was put into use after completion. Introduction of stainless steel scourer and carton production, and increased a new series of automated CNC cutting equipment. Mesh bath sponge equipment increased to 21 sets, and capacity increased to 400 tons/month.

#### Honors

Awarded A-class taxpayer certificate by the State Administration of Taxation in 2016

### Completion of the second and third phases of the plant

In 2010, the second and third phase of the plant was built, with a total area of 15,000 square meters. The automatic production line for mesh bath sponge and the sponge extruders output was increased and the sponge output was raised to 20,000  $m^3$ /month. Increased the automatic production line for mesh bath sponge, and increased the number of mesh bath sponge extruders to 14 sets. Production capacity increased to 250 tons/month.

### Self-built plant and put into operation

In 2008, we built the first plant with a total area of 5000 square meters and put it into use. In order to increase the production capacity of mesh bath sponge, the number of mesh bath sponge extruders was increased to 6, which increased the monthly production to 100 tons/month.

### Relocation expansion

In 2005, we leased a 5000  $m^2$  building and introduced foam sponge production. Additional sewing workshop and three bath sponge extruders were set up. Initial production of dish washing scrub sponge and sponge introduced the production of dish washing scrub sponge and cleaning brush. Purchased of land 7000  $m^2$ .

2002

### Founding

Jiangmen Fengrun Commodity Co., Ltd. was officially established in 2002. Leased a 500  $m^2$  building for sponge processing.

2003

### The first mesh bath sponge manufacturer in Jiangmen City

In 2003, we introduced mesh bath sponge manufacturing machinery and became the first bath ball manufacturer in Jiangmen.

2016

### Renovation and introduction

In 2016, upgrade the first phase of the plant to 15,000 square meters. Awarded for outstanding contribution to the economic development of local government. Increase the number of sets of Beauty products.

2014

2020 Introduction

In 2020, a series of packaging printing production was introduced.

2008

2005
